*What do you call  
someone who is  
happy on Mondays?  
RETIRED!*

## **TSA/403(b)**

Do you already have TSA/403(b)? Have you considered increasing your contributions? By increasing the amount you contribute each paycheck, you are taking more advantage of the tax deferral opportunity you have with your TSA/403(b). The more you contribute, the more you will save on your taxes. When it comes to your supplemental retirement programs, that is a win.

If you have a lifetime income option on your TSA/403(b), your increased contributions will also help to increase that income in your retirement years.

---

*Once retired, you  
never have to ask  
for a day off again!*

---

Don't have a job where you can contribute to a retirement program through salary reduction? Then an IRA could be right for you. Call us to find out.
